

WELCOME TO THE JANUARY 2024 COMPASS CORRESPONDENCE

Happy New Year BCB friends and fans! We hope you've had a great start to the year so far. We are so excited about the BIG THINGS HAPPENING in 2024 and can't wait to share some of the news with you.

But first, we want to thank you for all your support in 2023. We've only been a band for a little over 2 years and we've worked really hard in that time, but you all the main reason we've been able to experience all these wonderful opportunities thus far. We've played some of our dream festivals, released 2 albums, collaborated with many of our heroes, sold out our last 3 shows in a row in 2023, and made lots of new friends! So much gratitude for you all! We hope you'll continue to enthusiastically stick around for the ride because we're just getting started :)

YOU'RE INVITED

We just announced a show at the wonderful Cypress Reno THIS SATURDAY (1/13) and we are counting on you all to show up, bring your friends, and tell the whole neighborhood. We've looked up to the guitar legend LEBO for a long time and are so happy to announce that we'll be opening for him in Auburn at the Odd Fellows Hall on the 20th of this month. As a bonus, the theme of the night is 1974 and we'll be featuring songs released that year all night long.

Kyle's been buddies with [Hot Buttered Rum](#) ever since meeting them at Camp Deep End way back when. These guys have been wonderful mentors/collaborators/friends over the years and we're really looking forward to teaming up with them to take on one of the premiere live music venues in the bay area region: Sweetwater Music Hall! Legends have played here before us and it's a huge honor to get to debut there this month. Get yourself there January 27th!

This one's not 'til next month, but we need your help to pack it now! We are taking over the [CRYSTAL BAY CLUB CROWN ROOM](#) as a part of the "Road to WinterWonderGrass" (an official WWG pre-party) on Feb 24th. This is a huge venue and a really important step in our careers. It would mean the world to us to have you there for this. Plus, attendees can sign up to win WWG passes, late night tix, and swag! It's a win-win.

RELIVE THE MOMENT

As you may have noticed, the cover photo for this newsletter features the highlight of our December: getting to play with Peter Rowan himself at the Chico Women's Club 12.29.23. Since he didn't bring his bluegrass band with him for this show, we got to back him up for a few songs at the end of the night: Land of the Navajo, Walls of Time, and Midnight Moonlight all commenced. If you missed it, check out the encore on our YouTube channel below. PS, we also uploaded a few other favorites to the channel, so there's lots to dig into! Happy watching!

The band is officially tracking studio album #2 (album #3) the first week of February! All material is original. We'll be launching a GoFundMe in the next little bit to help gather support for the countless expenses that go into independently releasing an album (both CD and vinyl). We pride ourselves on being independent because it means we get to keep all our creative rights and have full control over when and how we release our music. Keep an eye on our social media for updates on the record. Cheers to the biggest year ahead!
